

CPYRGHT

A West Point graduate, now vice-president of a top corporation, a Pentagon and White House insider, and a secret division head of the CIA, turns out to be a Soviet spy. Impossible?

*It happened that way in Russia.
The spy's name was Oleg Penkovskiy.*

THE PENKOVSKIY PAPERS

CPYRGHT

The sensational secret memoirs of a man who betrayed his country for love of it — an intelligence colonel of the Soviet General Staff who provided President Kennedy with crucial information during the Cuban missile crisis and executed what experts term the greatest intelligence *coup* of modern times. With an introduction and commentary by Frank Gibney; preface by Edward Crankshaw. Headline newspapers coverage and national advertising.

Coming November 19 • \$5.95
